

# Vivienne Poh Yu Ting

I started playing Violin at Age 7. Since 2010, I have won numerous medals in several music festivals, such as the Kota Kinabalu Music Festivals and Malaysian Youth Orchestra Festivals. Last year, I joined the 4th Hong Kong International Music Festival. Having competed against hundreds of participants all over Asia, I received a "Silver Medal in Junior Category (Violin Solo)."

I took the highest marking in my violin grade's Trinity College of London exam in Brunei, and was awarded Trinity College of London's "Award Winner in Violin Grade 6."

Aside from dedicating my time with learning Violin, I extended my passion for music through learning Piano and balancing it with Dance Lessons such as Ballet.
