#### **Alyssa Liew's Bio**

I am 9½ years old and I have been learning violin since I was 6. I love the violin because it helps me express many different types of feelings in such a beautiful way. There is so much about this instrument to learn and I want to learn as much as I can, so that someday, I can share good music with everyone.

When I play this piece, I feel like a little rabbit playing with my friends in the woods, and we go through many happy moments and difficulties.
