

E-Program Notes :

Gavotte

Gavotte is one of the numbers from Children's Album Collection composed by Amy Beach. It is a sparkling short piece of piano and is clearly a fine work by a skilled and imaginative composer.

It has a simple and graceful tune.

Flood Time

Flood time is the fifth piece of Eric Thiman's Water Pieces. This will suit students with a strong sense of drama. "Flood Time" simply depicts a place, an event, a mood; it is of the moment, and reflection is for later.

This piece is in typical English style that draws upon German Romantic language, but with a distinctive English flavor that makes it lighter and more quirky.
